

CDX-MC KRAKEN®

PATENTED MULTI-CALIBER SYSTEM

The CDX-MC KRAKEN®, is a multi-caliber rifle using an innovative patented barrel change system. This multi-caliber system features the lowest shift of point of impact (0.1 mil) between takedown and reassembly of the same barrel on the market. Cadex CDX-MC uses a traditional barrel to action threading system while incorporating a special tool designed to unscrew and torque its barrel from the breech side. A single screw secures the chassis detachable base for a fast conversion between short and long action calibers. Maintaining the same P.O.I. is critical at extreme range and the KRAKEN® surpasses any other multi-caliber system on the market. Add your P.O.I. off sets between each barrels in your ballistics software and you'll never have to reconfirm a zero again!

Caliber	Barrel length	Twist rate	Rifling	Magazine capacity	Bolt face
6 Creedmoor	26"	1:7½	5R	10	B
6.5 Creedmoor	16.5" / 20" / 24" / 26"	1:8	5R	10	B

See the complete spec sheet on page 140 NSN#: 1005-20-011-8160 (for CDXMC-KRKN-338-27)

BARREL

- Bartlein® 1.300" straight taper fluted match grade barrel with 5R single point cut rifling technology.
- Unique barrel tenon design with machined grooves to work in conjunction with the Kraken® tooling kit.
- Easy and unique do-it-yourself rebarreling system.
- Threaded muzzle for muzzle brake installation.
- Optional ¾-20 threads with suppressor band for use with a Cadex slip-on suppressor.

CHASSIS

- Proprietary Kraken® chassis system with folding stock (fixed variant available).
- Skeleton folding stock variant available.
- Interchangeable 20, 30 or 45 MOA full length top rail.
- Complete rifle stock features (P. 41-42).

COLORS

- Cerakote non-reflective coating.
- See all colors available (P. 33-34).

ACTION

- 416 stainless steel, heavy duty 1.550" custom grade bolt action repeater with integral recoil lug.
- DLC coated 3 lug bolt with 60° short bolt throw.
- Standard round bolt knob (optional tactical bolt knob sold separately).
- ¼ turn tool-free bolt disassembly for an easy access to the firing pin.
- Ambidextrous safety lever on shroud.

MULTI-CALIBER SYSTEM

- Easy access to the conversion kit and trigger group by taking down one single captive screw.
- Quick caliber change (2 to 3 minutes) with virtually no shift of point of impact (<0.1 mil) on the same barrel.
- Multi-caliber system with the lowest shift of P.O.I. on the market.
- Multiple caliber group bolts: Type B (.480"), C (.550") or D (.600").

MORE SPECIFICATIONS

- AICS magazine compatible, short and long action (P. 65).
- Selectable single/two stage DX2 EVO trigger (P. 69).
- MX1 muzzle brake included (P. 77) (optional MX2-ST Tactical muzzle brake sold separately).
- Accessories table (P. 53).
- Action specifications (P. 61).
- Actions table (P. 141).

COMPATIBLE OPTIONAL ACCESSORIES
