

CEW TESTING CHAMBER

NEXT GENERATION CEW SAFETY

The **CEW Testing Chamber** was carefully designed for the safety of the CEW user while providing an indispensable and functional testing method.

ALLOWS USERS TO SAFELY:

- ✔ Conduct daily function tests
- ✔ Scheduled downloads
- ✔ Test malfunctioning cartridges

INDEPENDENTLY TESTED & VALIDATED

The CEW Testing Chamber has been independently tested during CEW discharge to evaluate electrical safety and structural integrity.

TESTED WITH:

- › TASER X2
- › TASER X26
- › TASER 7
- › TASER 10

Across all tested models, no electrical arc, flashover, insulation failure, or structural damage was observed. Test data available upon request.

FEATURES

PROBES ARE CONTAINED

Probes from accidental discharges are **captured and contained** within the testing chamber.

NOISE REDUCTION

The chamber decreases decibel output by **over 50%**, reducing disruption to other staff during monthly downloads.

VISUALIZE ARCING

The operator can visually see the arcing during testing without needing to look directly at the CEW, protecting the user.

SPECIFICATIONS

- › **WEIGHT:** 3.5kg | 7.72 lbs
- › **DIMENSIONS:** 17" x 12" x 9" | 43.3cm x 30.5cm x 22.8cm
- › All individual items within the chamber are removable and replaceable
- › Floorstand available when mounting is not an option
- › **U.S PATENT #:** 11,385,014 B2
- › **PART #:** DEF-CEWTC

CONTAINED ACCIDENTAL DISCHARGE

The risk of injury during required daily testing of the CEW is greatly reduced.
